Gift of \$10,000 Powell-Walton-Milward Insurance Co

The Rt. Rev. Morris Thompson, Rector and Dean of Christ Church Cathedral was instrumental in bringing Greg and John Milward from Powell-Walton-Milward Insurance Company to present a gift of \$10,000 for PPR. Powell-Walton-Milward is a subsidiary of J.Smith Lanier Co., Inc. We are grateful for this large contribution and will use it to update our computers, our substance abuse program and general operations.

My name is Reed Epley and I am seeking employment.

I have a B.S. in Business Administration from Austin Peay State University. My 30 plus year background includes sales, merchandising, managing and marketing. I have also worked in warehouse and factory environments. I have found in the factory and industrial work place that my fifty-year old body does not want to cooperate with my 21 year old mind. I think I can do the job and later on my body tells me I can't. Being a former athlete, I need to learn that I can't do the things I used to do.

I am now enrolled in Pyramid Professional Resources. With the help from the outstanding staff, I am relearning the job research process all over again. Ruth, our director is giving her expertise in the resume and interviewing process. Carroll is helping with the people who are in need of disability. Linda an ex parole officer is helping people who have addictive problems. Bob is our computer "Tech" and helps us with those kinds of needs. Stephanie is our newest addition and she is the administrative secretary. These people have been a godsend for me and the many others that have walked through the doors of this program. Along with their counseling, they have many other resources that are available to us, but most of all it is their dedication and commitment that each one becomes successful. I believe that their number one priority is the success of their clients.

I myself have been in PPR for over a year. I found a job, and was enjoying what I was doing, but found my knees and back could not tolerate standing in one place all day. No accommodation was allowed. I came back to PPR and was welcomed back with open arms.

I would like to work in an environment that would lead to a supervisory future. I like dealing with people, enjoy sales, marketing and merchandising. I have experience using a computer, cash register, inventory control etc.

At my age, most people are beginning to look at retirement. I am looking for a new adventure. I do believe my experience in the capacity of jobs would benefit you and my co-workers. Again, my name is Reed Epley and my phone number is (859) 333-6921. My E-mail address is epper3233@comcast.net.

Thank you for your time and consideration. --Reed Epley

PPR's New President: "Tom" G. Howard

I was born in Versailles in Woodford County, Kentucky, graduated from Western Kentucky State College and received an MA from Western Kentucky

University. I retired from the U.S. Department of Agriculture after 34 years. During this period I also served with the U.S. Naval Reserves for 23 years, and completed 31/2 years active duty (22 months in the Vietnam Theater and 18 months at the Naval War College). I am currently a licensed Funeral Director with Milward Funeral Directors, Inc. I am also an active member of Christ Cathedral Episcopal.

I have been a part of PPR since its inception, December 2005, stemming from my affiliation with another agency serving the homeless. During the early summer of 2005, I read in Christ Church Cathedral's monthly newsletter about the proposal of an agency being formed to assist homeless persons in obtaining employment. I knew instantly that I wanted to be a part of this endeavor. As a result of my interest I contacted the Director who invited me to visit the proposed facility and learn about the goals of the agency. I volunteered to assist with preparations for the facility. I did not know the director, but I knew that I wanted to be a part of this endeavor.

Being involved with the homeless community in various capacities over the past six years has been one of the richest blessings the Lord could have ever given me. Without hesitation this experience has enriched my personal and spiritual life immeasurably. Working with the homeless community and those who are giving so much of themselves touch me very, very personally. "I AM BLESSED TO BE A BLESSING!"

Spotlight on Who we Are?

Since 2006 we have helped 100+ persons find full time work and housing. Follow-up is on going. We have extended our services to include:

- **A Certified Drug and Alcohol Counselor**
- **Volunteer Vocational Care Manager/Counselor**
- **Additional Volunteers to assist with expanded clientele**
- **Provision of cost of medication when needed**
- **Implementation of a phased Care Plan**
- **Disability provision for homeless**
- **Developing client tailored "Phases of Care"**
- **Providing internships for Nursing students**

Our vision of tomorrow for the needs of our homeless community keep us humble and striving to improve and expand our program.

NEEDS for our Clients: a refrigerator 5-9 cubic feet with a small freezer unit, Kaki pants, short sleeved casual shirts, white socks, tooth brushes, and hair brushes.

Without a passion for today, it's very difficult to be highly successful tomorrow.
